The work is part of a response action under CERCLA (Superfund) Removal authority - it is a Removal site. It is not an NPL Remedial Site under CERCLA (Superfund). For most people that means "no", but the accurate answer is above.

Hi Matt and Jan

Additional question from bonding company - is this a Superfund site? That affects bond costs.

Subject: Gold King RFP

Mark

I'll be issuing an RFP for work at the Gold King Mine near Silverton soon. The RFP is being routed through my office, so not sure if I'll get it out today or later this week. In case it is delayed I want to give you a heads up that there will be a site walk next Thursday (July 30) at 10am. The work involves installing a new portal and ground support based on conditions encountered when we get it opened. The RFP will be for T&M rates. Hope you can make it.

Matt
